Happy Teacher's Day

Without teachers life would have no class!

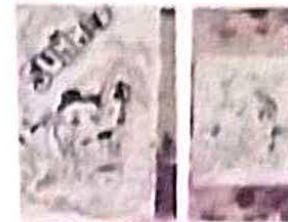

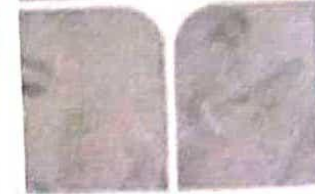

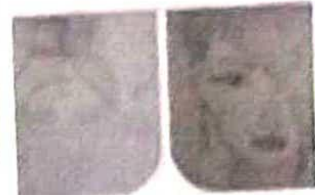

SDILA takes this opportunity to thank all the teachers for guiding & inspiring young minds. Thanks for igniting the power of imagination and instilling love for Learning.

Teacher's day is a special day for stdx as they get an opportunity to dress up as teachers and take charge of the entire school and conduct classes. The role reversal gives them a new perspective and a firsthand experience of just how hard a teacher's job can be.

When the whole world was confined to their homes due to COVID-19 lockdown, students of Std 8 were busy discovering their hidden talent owing to the unexpected spare time. Instead of relying on screens to keep themselves engaged they preferred sketching and drawing to sustain this challenging period of time. Art unquestionably gave them a sense of hope and provided happiness in times of Crisis. This is called 'Time well spent'...

Happy New Year 2022.

Sdila Dahanu
Dec 31, 2021

Although it is fun to celebrate the New Year but let's understand a small fact, there isn't going to be any earth-shattering change after midnight. The calendar will look a little different which will bring some relief that 2021 has passed but don't expect any miracles. The change that we seek is within us but we pacify ourselves by setting resolutions. We feel, we have a clean slate right in front of us from 1st January but the bitter truth is that the clean slate existed every single day even in 2021 too.
