DARE TO DREAM - By Wendy Silva

Close your eyes and let
Your imagination fly away.
See a picture of where
You wish to be one day.

Let the colours of your
Heart take command
To paint the picture of your
Dream and place it in your hand.

Hold on tightly and nurture it,
But allow it room to grow.
When you reach your dream,
Open your hand and let it go.

Close your eyes and search for
Another, caring for it as before.
Never stop searching, achieving and
Letting go, for that's what dreams are for.

It all starts with a dream. Each one of us dreams but are we challenging ourselves everyday to follow our dreams? Do we have the confidence and determination to chase our dreams? Do we believe in never giving up? SDILA is one such happy place where students and faculty dream together and strive to turn those dreams into reality.

Each day comes with celebrations and challenges which teaches us to stand strong in every situation. Being an educator I have a vision to see my students excel in academics, follow core values of life and have a positive approach. We are putting in all efforts to make each day in Shirin Dinyar Irani Learners Academy a memorable one in our students' life. I promise together we will make it possible to have **SDILA-School Days In Life Forever...** in the heart of each Shirinite.

I am thankful to SDILA family for their strong support.

ACTIVITIES CONDUCTED BY SCHOOL

The school re-opened on 11th June 2019 and since then we are a hustle and bustle of activities and competitions along with academics for the holistic development of our students.

<p><u>JUNE 2019</u></p> <ul style="list-style-type: none"> ◆ World Yoga Day ◆ Handwriting Competition for Std V-X ◆ Impromptu Competition for Std VII- X 	<p><u>JULY 2019</u></p> <ul style="list-style-type: none"> ◆ Tree Plantation ◆ Master Chef ◆ Monsoon Hike ◆ Singing Competition for Std I - IV 	<p><u>AUGUST 2019</u></p> <ul style="list-style-type: none"> ◆ Independence Day Celebration ◆ Marathi Story Telling Competition for Std IV ◆ Debate for Std IX & X

ADVANTAGES AND DISADVANTAGES OF MOBILE PHONE

Various inventions have taken place over the period of time. The mobile phone is an important invention by Martia Cooper. Mobile phones have radically altered the way people work, socialize, organize and entertain themselves. This precious gadget has ample of advantages and disadvantages.

First, let me enumerate the advantages of this precious gadget. Mobiles were invented as a means to communicate most of the world's population instantly. We mainly use our mobile phones to communicate, click photos, watch videos and listen to music. Many software engineers have created many apps but we should use them wisely to gain knowledge, access information for school projects and homework. Apps like BYJU'S and many more have been made to make learning a fun experience for students. Various useful apps like fitness apps, train timing apps, women safety apps and many more are developed with an intention to help mankind.

The disadvantages are also equal to the advantages. Telecommunication towers have many harmful effects on birds. Excessive use of mobile phones can cause loss of memory and forgetfulness. Clicking selfies have taken many human lives. Youngsters are so engrossed in taking selfies that they are not aware where they are standing and what they are doing. Earphones and headphones damage the ear and at times cause deafness. In fact using mobile phones excessively makes us dumb. So, one should use this gadget wisely and remember make mobile phones your slaves, don't become the slaves of your mobile phones.

MY REAL LIFE ANGEL

Bright is day and dark is night,
In adversity I starve for just a ray of light
Real life demons are lingering around,
With an intention to scare me and drown.

Where is my real life angel!
who is so pretty and kind.
I feel so safe and secure,
as she always has a cure.

For you I am like a bright star,
Even after having many scars.
And one day you shall state
– ‘I am proud of you my dear mate’.

There are many people, who made me cry,
But you are the one who gave me courage to try.
A precious being you are,
who gave me beautiful wings to fly afar.

Bright is the day after the dark night,
I assure you my angel I’ll win this fight.
These wounds will be healed too,
By the blessings given by you.

There will be happiness after worst sadness,
Because stars can’t shine without darkness.
MASEERA KHAN (Std X)

MOM

Mom is such a special person.
The word itself says it all.
She took birth to give me life
and care for me with utmost delight

She is an inspiration
a guiding candle of my life.
Her bitter-sweet scolding,
has kept me on the right track.

She has taught me to face,
failures and success.
and instilled in me good ethics
She has struggled for my existence.
So I shall love without any
resistance.

RUKAIYA WAGHER (Std VII)

REMINDER

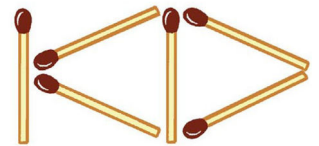

Winter is upon us!

Please make sure your
child dresses for cooler
weather and brings a coat
to school
everyday.

MATCH FIXING

Rearrange three match sticks
to make eight equilateral
triangles.

PLANT A SAPLING, ADOPT A TREE

Trees are one of the main reasons why we are alive on this earth. They provide the life giving oxygen without which our survival on this planet would be simply impossible. Trees absorb the harmful gases therefore; planting a sapling is one of the most powerful way in which you can make a difference to the environment. We at Shirin Dinyar Irani Learners Academy are not asking our students just to plant saplings but urging them to adopt one.

Periodically awareness is created among students that trees provide shelter to birds and animals. On a hot summer day, they even provide respite from the scorching sun to the travellers. Trees make our planet worth living and offer us numerous benefits. Man is cutting them at a rapid pace to fulfil various needs of the growing population.

At Shirin Dinyar Irani Learners Academy involve our students in various activities which make them realise the importance of trees in our daily life. One such activity is the Tree Planation Drive which we organise during rainy season. We have encouraged our students not only to plant saplings but also “adopt” a tree. This is a small initiative which will profit the generations to come. This activity deepens the awareness and appreciation of our students for their local environment. Students of Std 8 planted rose saplings in the school premises as a part of their English project. It was a very happy moment for the teachers when students of Std 10 decided to put our teachings to practise and gifted saplings with nicknames to Teachers on the auspicious day of Guru Purnima.

We urge everyone to adopt a tree and make this world a greener place.

THE JOURNEY OF A PURE SOUL

I'll tell you the story of a little girl,
whose heart was as white as a pearl.
She was as sweet as honey,
who always helped people, not for money .

She gave alms to the beggar,
and provided clothes to the soil digger.
She helped old women, with their daily chores,
which was worth lakhs and crores.

Whenever she was free,
she sat under a big shady tree,
and taught A , B , C to the farmer's lad,
and not to mention she was very glad.

Years passed by,
She was old and gray.
Time for her to bid her bye,
With hundreds of other folks,
She was called by God to receive the
entry pass.

“ You're called here for heaven ”,
exclaimed the God .
Happy and satisfied, she thanked the Lord.

Standing on heaven's escalator tall and proud,
Rewarded for being a kind and selfless mentor.

The door of heaven opened to welcome her.
Angels signed the certificate to register her.
In the heaven , she enjoys with her mates ,
God said , “ people like her are always welcomed to heaven's
gates .”

WONDERSTRUCK!!!

What a beautiful, radiant day it was!
The perfect one without any flaws.
I stepped cheerfully out of the door,
To explore what Nature had in store.

I walked a long way.....
Nature's abode was where I wanted to stay.
Was enchanted to see her wonders
Which it had bestowed for others.

The whispering of the trees and the lively breeze
Was purely blissful to set my mind at ease.
The soothing tone of the grasses,
Helped me escape from my troublesome mazes.

The sight left me completely mesmerised,
That I was completely hypnotised.
I didn't realise it was noon,
And I had to reach home soon.

Walking down the busy street, I was at peace.
But couldn't say the same for the ones that walked with unease
Their fearful faces marked with hurry
All of them looked eerie and scary

Their arrogance and unkind words made their loved ones weep
And caused cuts that were quite deep.
By seeing how cynical everyone was,
I decided to give them a toss.

Observing them, I was thinking deep
About when will the TRUE meaning of life in man's mind seep?
I pray one day the golden sun rises,
And shatters man's evilness into ashes.

I wait for the day
When the self-centredness of man will blur
And he will be truly elated
Just like MOTHER NATURE.

RASHI PAJWANI (Std X)

THANKSGIVING DAY

Sharing is caring is a common phrase but it has a deeper meaning. When we share something with someone else it is equal to caring for him. We at Shirin Dinyar Irani Learners Academy assigned 30th November 2019 as Thanksgiving Day. Students decided to share a smile by visiting the nearby village and school to donate their favourite water bags, clothes and many other articles. This was a sign of empathy. It was a worthy plus joyful experience for both students and teachers.

ENGLISH ISN'T THAT DIFFICULT.....

- 1) We must polish the Polish furniture.
- 2) The farm was used to produce produce.
- 3) When shot at, the dove dove into the bushes.
- 4) I did not object to buy the object.
- 5) A seamstress and a sewer fell into the sewer.
- 6) Since there is no time like present, he thought it was time to present the present.

M.ARIZ KHAN (Std III-B)

HARSH MACHHI (Std IX)

BREAD RASMALAI

Ingredients

- ⇒ 4 slices of bread
- ⇒ 200 ml Kesar milk
- ⇒ 2 packets of milk powder
- ⇒ 2 tbsp powdered sugar
- ⇒ 2 tbsp ghee
- ⇒ 4-5 tbsp chopped dry fruits
- ⇒ 4 tsp water

Method

- 1) Place 2 slices of bread on a cutting board. Trim the bread. Use a 2-inch cookie cutter to cut the bread into 2 circles.
- 2) Make the sandwich paste by mixing ghee, 1 tbsp sugar and 1 packet milk powder. Add water to make a smooth paste. (Consistency of the paste should be like butter)
- 3) Spread this paste on all the slices of bread.
- 4) Sprinkle chopped dry fruits on the bread and make sandwiches.
- 5) In the same bowl (which was used to make the paste) pour Kesar milk. Add 1 packet of milk powder and 1 tbsp sugar. (Add milk powder as per the desired consistency.)
- 6) Arrange the bread sandwiches on the serving plate.
- 7) Pour the prepared Kesar milk mixture on it.
- 8) Garnish with dry fruits. Let it soak for 5-10 minutes before serving.

ORAGANIC VEGETABLE GARDENING

Students of Shirin Dinyar Irani were engaged in vegetable growing in the school compound during the rainy season. The aim of the activity was to grow chemical-free, nutrient-rich vegetables and provide an opportunity to learn by doing. Vegetable growing can teach children about soil, nutrition, life cycles of the vegetables and the creatures attracted to the garden. It helped to raise awareness of the seasonal nature and the variety of food. The process wasn't as easy as it seemed as it involved a lot of activities like ploughing, sowing seeds, weeding and watering on periodic basis. Farmers are rightly called the "stewards" of agriculture and play a vital role in providing the basics for all of our food needs. Farmers not only assure the sustainability of the whole flora and fauna but also protect the farm product from the time of sowing to the time it reaches the market. Their hard work is the reason that most of us have food on our tables every day. This activity made the students realise their importance in our daily life and why we should be thankful to them for the hard work to supply us with food!

Cycle rally to spread awareness about environmental pollution.....

The world has evolved into a global village where pollution, disasters, diseases have spread to a maximum range. In such a chaotic situation, it is very necessary to keep Mother Earth safe. Hence it is high time that we go eco-friendly for a sustainable future. Going eco-friendly improves your quality of life. Dahanu too is now facing issues with increasing problem of traffic congestion and atmospheric pollution so people must seriously consider the option of cycling for short distances.

Keeping this view in mind like every year, a cycle rally was organised by Shirin Dinyar Irani Learners Academy. Our teachers and students enthusiastically chanted slogan 'Let's Go Green' (ride the bicycle to save the environment) during the rally. Students also expressed enthusiasm over the initiative and one of them said, "riding a bicycle is always fun". Apart from tackling issues of pollution and congestion, parking a cycle is also so much simpler and easier. Since it requires no fuel, it is easy on the pocket.

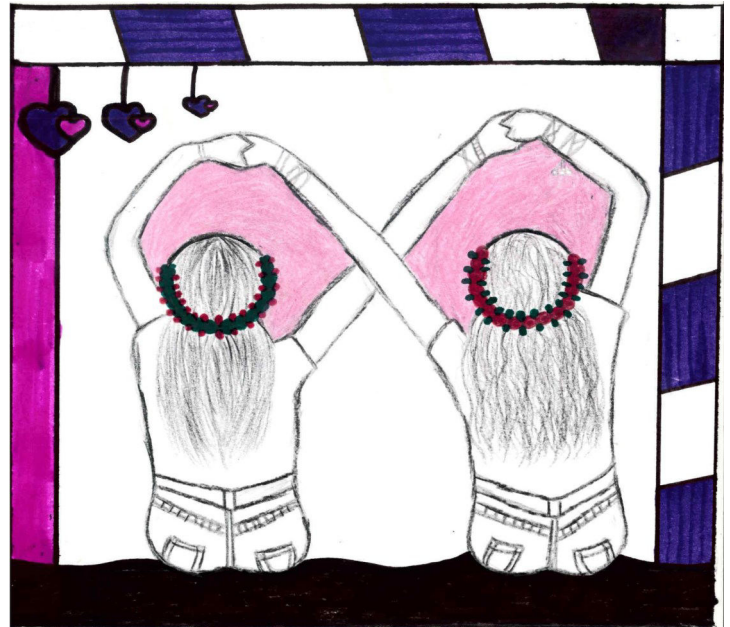

FRIENDSHIP

'Friendship' is such an attractive word.
 Changes the life of a heart broken.
 Turns sadness to happiness.
 Teaches to tackle obstacles,
 Keeping in mind,
 We have to move on.
 That a friendship should never break.
 Harsh people interrupt.
 Polite people praise and guide
 They always show us the way.
 Keeping in mind,
 We have to move on.
 That a friendship should never break.

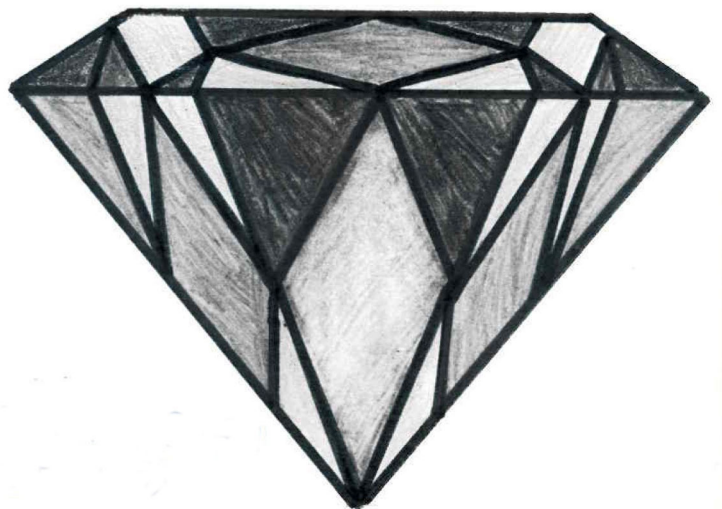

It is the glory,
 It is the grief.
 It is the light that gives relief.
 Starts with us and ends with us.
 And is always there for us.
 Keeping in mind,
 We have to move on.
 That a friendship should never break.
