## *PRINCIPAL'S MESSAGE*

Dear SDILA family and my dear students,

Every year, we all work together on a project as a family at SDILA. This year, you will be working on a special project called "Best out of Waste - Let's Turn Waste into Wonder."

Throughout the year, we'll find new ways to use things we might normally throw away. We'll make cool art and useful items from stuff that would usually end up as waste.

Let's work with our friends, parents and teachers with enthusiasm. Let's start this adventure with creativity and a promise to make our world a better place.

Let's show others how to be kind to our planet.

Let's turn waste into wonder !

Best wishes,

**Mrs Preeti Thakkar**

## My Journey in new school

When I entered my new school i felt nervous and little scared to meet my new teachers and friends.

I didn't know which class was mine and everything seemed confusing.As I entered the classroom ,all the students were chatting with their friends and I was very quiet on my first day.

I didn't make any friends initially. Many teachers asked me questions about my previous school. One question that annoyed me was "Do you like this school or your previous school?"

I was annoyed by it because I was so confused initially.

With time, I realized that this school is not only about academics but about sports activities & competitions. I made many friends here who are very good,sweet and helpful.

## Continue reading

I went to scout camp for the first time in my life and had a different experience.

I learned discipline,where I polished my shoes, iron my clothes and had a proper haircut.

I love this school for its greenery around. One can see beautiful mountains through classroom windows ,there is a sports club for indoor sports,a basketball court & large football ground,science lab, ICT lab and play area with slides for kids.

I started sharing my lunch, partipated in various activities,my experience on participating in three-day log annual day was amazing.

Participating in dramatics and sports was equally thrilling. This school motivates me daily by reading all the motivational thoughts which are painted on all the walls,I just loved it.

This was my first year experience and today I feel so proud to be SHIRINITE....

# Books can take you anywhere

Books can take you anywhere means that by reading books we are acquiring information.

We can get to know about the whole world by reading books. Vocabulary and mindset of thinking increases. We can imagine the places through the book by reading the description of that place or by seeing the pictures.

Knowledge is very important for our creative mindset that's why by reading books related to space, universe and astrology makes us think that one day I want to go into the universe or on a planet or learn to read minds. So researches take place. Now with Chandrayaan -3 we have reached on the south pole of the moon and with Mangalyaan on mars.

That's why, by reading books we can acquire and dream to visit that place. Hence we must read books. Books are a source of information which increases creative mindset and our power of imagination.

Books help us to imagine the events or information that is included in it. Some books are based on the true events whereas some of them are a work of fiction. Both fiction and true events make us imagine the scenario which is written by the author.

By reading books we go to an imaginary world of thinking. As I just read a novel "The Swiss Family Robinson", it was an adventurous novel based on true events. Some elements of the novel do stretch reality but we must consider that it is a work of fiction and not a fact file. It aims at teaching young people values like self reliance, determination and love for your family and prudent use of resources. Although, the novel is a fiction but it makes the reader enthusiastic and think about the scenario of the incident taken place. By reading that book, I believed that books can take you to an imaginary world. It makes you think beyond your own personal thinking bubble. Our thinking capacity also increases, that's why books can take you anywhere.

# INDIA OF MY DREAMS

## I will dream

May I sit and dream for the best, who can stop me to do that, If not in reality at least in dreams, let me get the best picture of my country. Sometimes, they say, dreams can also come true, so do I wish.

I have in my mind the picture of an ideal India. Ideals may not be real but there is no harm in trying to be real about the ideal.

India of my dream is one where every individual has equal opportunities regardless of their background, where education and healthcare are accessible to all, where there is harmony among diverse communities and where sustainable development is prioritized to preserve the environment for future generation.

It's a place where innovation thrives, poverty is eradicated and justice for all the citizens.

Politically, India of my dreams would be a successful democracy where all have equal rights and equal opportunities in life. Election would be held for forming government and voters should cast their votes for policies and programmes and not on caste. If a party with a programme for general welfare of the people.

After getting into the power, the leaders would only think of the welfare of all people and not on the basis of who voted for them and who did not. Government should be for all the people irrespective of party, caste or religion. Corruption should be unheard thing in India of my dreams, taxes would be levied in a judicious manner, no one would try to evade them, all must pay the tax as per their income and this entire tax money should be used for welfare of the people.

# Classroom Magic

It will remind you of springs

## Life's eternal Spree

In fields adorned with dewy grace,  
Spring wakes with a gentle embrace.

Whispers of blossom fill the air,  
As nature sheds its winter's care.

The earth, once  
cloaked in icy  
shroud,  
Now blooms with  
colours bright and  
proud.  
Birds return with  
joyful song,  
In symphonies that  
last all day long.

Beneath the sun's warm golden  
light,  
Life bursts forth with renewed  
might.

From tender buds to leaves  
unfurled,  
Spring paints the world in a  
vibrant swirl.

Oh, how the season's dance does  
bring,  
A sense of hope on fragrant wing.  
With every bloom and every tree,  
Spring whispers, "Life's eternal  
spree."

# FRIENDS FOREVER

You are my best friend,  
You are very kind,  
You give me joy,  
And peace of mind.

Having no friend makes me sad,  
Even the day goes bad,  
I always want to be by your side,  
My love and care for you I will never hide.

If you want to cry, my shoulders are always free for you,  
If you want to talk, my ears are always open for you,  
If you want to laugh we will laugh together,  
If you are alone we will be friends forever.

When you will be sad,  
I will wipe your tears,  
When you become scared,  
I will comfort your fears.

In the time of grief,  
I will be there for you,  
Whenever you are in need,  
I will stand by you.

You are my best friend,  
You are very kind,  
You give me joy,  
And peace of mind.

# *On a beautiful winter morning*

On a Beautiful Winter Morning so bright  
The world is covered in a blanket of white  
The sun peeps out from behind the hill  
Sending warmth of joy, what a thrill  
The trees are dressed in an icy lace  
As the world becomes a wintery embrace

The bird sings sweetly  
The sun shines brightly  
Dew drop like pearl on the grass shines  
When the grass is soft and the air is light  
Houses of people looks like icy dough  
All covered with mighty snow

Nature's beauty is far all around  
In the sky and on the ground  
The trees sway in the breeze  
And the flowers dance with such an ease  
All the flowers in the sunlight glow  
Peep's out of the leaves and say "Hello!"

Oh, summers here the days are long  
Ant the earth looks green and strong  
So let's start the day a fresh  
With a beautiful smile on everyone's face  
Be prepared for the day  
As the sun will set and the day will fade

# गुरुचे महत्व

गुरुर्ब्रह्मा गुरुर्विष्णु गुरुदेवो महेश्वरा  
गुरुः साक्षात् परब्रम्ह तस्मै श्री गुरुवे नमः

या श्लोकातूनच आपल्याला आपल्या जीवनातील गुरुचे स्थान लक्षात येते. प्रत्येक गोष्ट शिकण्यासाठी आपल्याला एक समर्थ गुरु लागतो. मग तो क्रिकेटसारखा खेळ असो नाहीतर संगीत साधना असो. ते म्हणतात ना आईविना माया नाही आणि गुरुविना विद्या नाही अगदी तसंच आहे अर्जुनाला द्रोचार्यासारखे गुरु लाभले म्हणून ते आज प्रत्येक भारतीय माणसाच्या मुखात आजही आहेत. एखादा गुरु सर प्रत्येक वेळी परीक्षा घेत असला तर तो व्हाईट किंवा कठोर नसतो. गुरु तर परीक्षा आपल्या चांगल्यासाठीच घेतात ना ? जर शिष्याच्या मनात गुरुविषयी प्रेम व आदर असेल तरच ती विद्या त्याला प्राप्त होते. एकदा द्रोणाचार्याने त्याच्या सर्व शिष्यांना विचारलं की 'तुला झाडावर काय दिसतंय' ? तेव्हा या प्रश्नाचे उत्तर सगळ्या शिष्यांनी वेगवेगळे दिले पण अर्जुन म्हणाला "मला फक्त पक्षाचा डोळा दिसतोय". या उदाहरणातून आपल्याला हे समजते की आजूबाजूला न बघता आपल्याला दिसले पाहिजे ते फक्त आपले ध्येय.

# आयुष्यात जगणं सोप्य नसतं

सर्वांच्या मनासारखं वागणं ही सोपं नसतं  
आपण आपल्या स्वप्नांना पूर्ण करणं हे जरा अवघड असतं  
पण आपण त्या सगळ्या गोष्टींना गृहीत धरून पुढे जाऊन एक सुंदर आयुष्य जगाव हेही  
आपल्या मनात असतं  
याच रोमांचक गोष्टींच्या समोर जाऊन आयुष्य अगदी सुंदर असतं  
आपल्या मनासारखं अगदी स्वच्छ असतं  
आपणच काही गोष्टी लपवल्या असतील तर मग आयुष्याला दोष देण्यात काही अर्थ नाही  
की आयुष खराब आहे असं बोलावं त्यांना कसलच गांभीर्य नसतं की आपल्या आयुष्यात  
येणाऱ्या अडचणींना उत्तर द्यावं  
आपण एक सुंदर आयुष्य जगावं आणि एका स्वच्छंद मनाने आकाशातल्या विहंगासारखं  
उडावं हे आपल्या मनात असतं  
यालाच पूर्ण करायला आपल्या सोबत एक आयुष्याची नवीन सुरुवात करूया या नवीन  
वर्षांच्या आनंदात आपण सगळे रमुया गमूया आणि एका नवीन आणि सुंदर पाठाला  
आपल्या आयुष्यात सुरू करूया  
या आयुष्याच्या वहीमध्ये अगदी भरभरून छान गोष्टी लिहूया आणि जेव्हाही आपण त्यांना  
वाचू तेव्हा आपल्या आयुष्याचे सोनेरी क्षण आपल्या डोळ्यासमोर येतील याची जाणीव  
करून घेऊया  
या आयुष्यात आपल्याला अनेक लोक भेटतील त्या सर्वांसोबत जमवून घेणं हे सोपं नसतं  
पण जी व्यक्ती ही कला अगदी शिकून घेतो त्या व्यक्तीसाठी आयुष्य खूप सुंदर  
असतं, एखाद्या प्रवासासारखं आजूबाजूला झाडे, फुले, पाखरे, नदी सगळ असतं  
फक्त त्या गोष्टींवर लक्ष देऊन महत्त्वाची कोणती आणि साधी गोष्ट कोणती हेही त्यांना  
माहित असत  
अशाच व्यक्तीचे मन अगदी स्वच्छंद असतं आणि त्या व्यक्तीचं आयुष्य अगदी सरळ सोप्य  
व मनोरंजक असतं म्हणून आपणही आपले आयुष्य असंच जगायचं असेल तर  
आपल्यालाही काही कष्ट काही सुखाचे क्षण तर काही दुःखाचे क्षण यांना सामोरे जाऊन  
जग पहायच असेल तर आपणही आपल्या आयुष्याच्या वहीमध्ये वेगवेगळ्या गोष्टी  
लिहायला सुरुवात करूया  
कारण ह्या काही गोष्टी लक्षात ठेवून आयुष्य जगणं सोपं असतं  
पण त्याच आयुष्याच्या सोनेरी क्षणांना एका वहीमध्ये जोपासून ठेवणं ह्याला आपण सोपं  
करायचं असतं...

# A STORY OF INNOVATION AND VICTORY AT TALUKA LEVEL SCIENCE EXHIBITION

By VIII STD

## SCIENCE PROJECT

THE DAY OF 20TH DECEMBER 2023 WAS ONE OF THE MOST MEMORABLE DAYS OF MY LIFE AS I GOT THE OPPORTUNITY TO REPRESENT MY SCHOOL IN TALUKA LEVEL SCIENCE EXHIBITION. IT ALL BEGAN WHEN MY SCIENCE TEACHER SELECTED ME AND MY FRIEND TO REPRESENT OUR SCHOOL AT THE TALUKA LEVEL SCIENCE EXHIBITION. THIS OPPORTUNITY WAS OUR CHANCE TO SHOWCASE OUR PASSION FOR SCIENCE.

WITH THE GUIDANCE OF OUR TEACHER AND OUR PARENTS, WE CREATED A PROJECT ON A NEW AGE FARMING METHODS AND NAMED IT, 'AQUAPONICS-A SUSTAINABLE WAY OF FARMING'. IT WAS A MODEL OF AQUAPONICS WITHIN A POLYHOUSE STRUCTURE.

ADDITIONALLY, WE HAD PREPARED DETAILED CHARTS OUTLINING ALL PRINCIPLES UTILIZED IN OUR MODEL. WE EXPLAINED THE MODEL TO THE JURY MEMBERS, TEACHERS AND STUDENTS. EVERYONE LIKED OUR CONCEPT AND PRAISED US.

NEXT DAY, WE HAD VARIOUS SCIENCE-BASED COMPETITIONS LIKE ESSAY, QUIZ, DRAWING, DANCE AND SO ON. I PARTICIPATED IN ON THE SPOT ESSAY WRITING COMPETITION. THE TOPIC WAS 'PROBLEMS CREATED DUE TO ADVANCEMENT OF SCIENCE'. MY FRIEND TANISH PARTICIPATED IN THE QUIZ COMPETITION. THEN CAME THE MOST AWAITED TIME OF THE DAY, THE PRIZE DISTRIBUTION CEREMONY. WE GOT LOTS OF SURPRISES. WE WON THE 1ST PRIZE FOR OUR SCIENCE PROJECT AT TALUKA LEVEL. I GOT THE 1ST PRIZE FOR MY ESSAY, AND TANISH GOT THE 1ST PRIZE IN THE QUIZ. WE BOTH WERE VERY ELATED. AS WE WALKED OUT OF THE EXHIBITION HALL, CLUTCHING OUR TROPHIES, I REALIZED THAT THIS WAS JUST THE BEGINNING. WE WILL DEFINITELY CONTINUE EXPLORING THE WONDERS OF SCIENCE AND MAKING A DIFFERENCE IN OUR WORLD.

## Rajyapuraskar 2023-2024

Finally, our wish came true when we were chosen for the state-level camp. However, it was just the beginning. It required hard work and dedication. Our Explorer Guide Unit spent a year preparing for the camp, completing files, projects and various activities to give our best at the camp. The camp was scheduled to be held at Dadar, Chatrapati Shivaji Park from 8th to 11th January 2024.

Many of us have dreamt of accomplishing something that not only brings joy to us but also pride to our school and parents. As Guides, experiencing camps like the Golden Arrow Camp and district-level camps has been our dream. So, when we got selected for the Rajya Puraskar Camp by our Guide Captain, we felt a rush of honour and joy. Though we hadn't attended the Golden Arrow Camp or a district-level camp, listening to the experiences of those who had attended made us eager for such an opportunity.

As we reached the campsite where we were greeted by guides from different places, all sharing the same sense of excitement. Wearing the sash displaying our 11 proficiency badges, brought a new identity to us. We were now 'THE RAJYA PURASKAR GUIDES'! It was a proud moment for us because our hard work received new recognition.

In that four-day period, we immersed ourselves in learning about nurturing the environment, maintaining cleanliness, sticking to proper schedules for waking up, sleeping, and eating and practicing good hygiene. Most importantly, we learned the value of respecting others.
